RE: Public Records Request Received January 28, 2008
File Number: PRR-2008-00058

Dear Mr. Kaiser:

This will conclude your 4th public records request dated and received in our office on January 28, 2008 for the following items:

Below is a quote from the recent Spokane Review article (1/26/08), 'Foreclosure White Knights Targeted', regarding my companies . . .

'McKenna alleged that the companies told homeowners they would solve their foreclosure woes, only to let the homes go into foreclosure anyway and keep the money that otherwise would have gone to the homeowner.'

Kindly identify any 'homeowners' Rob McKenna is talking about in this article, and please provide the related public record. If it's easier to simply create a list of these homeowners, that will suffice.

...I am not seeking information about 'non-rescue' situations (homes we purchased outright where there was no expectation or promise of the owner staying in the home as a partner).

Rather, I am interested specifically in transactions in which we are alleged to have promised to stop a homeowner's foreclosure and failed to do so, forcing the homeowner from his home.

After further review, it has been determined that there are no documents responsive to this request. I apologize for the previous confusion. As there are no responsive documents, we will now consider the request closed.

Please contact me at Office of the Attorney General, P.O. Box 40100, Olympia, WA 98504-0100 if you have any questions.

Very truly yours,

K.P. BODNAR
